

The following California Prescription Formulary Notice pertains to CHIP, CMN79, M956, MM65, V63 and XH65 policies issued in California:

Pursuant to the notice requirements of Section 1363.01 of the California Health and Safety Code, your policy provides a prescription drug benefit but does not require the use of a prescription formulary. A prescription formulary, or preferred drug list, is a continually updated list of medications supported by current evidenced-based medicine, judgment of physicians, pharmacists and other experts in the diagnosis and treatment of disease and preservation of health.
